

NGIT Part #	NGIT Model #	Product Description	Price	Warranty
NGIT-00021	NGIT-PCAD-SRV	Computer-Aided Dispatch (CAD) System: High-performance system that enables call takers to route and track calls for peak responsiveness and effectiveness of public safety emergency response teams. Includes two Hewlett Packard AlphaServer DS25 servers, 1GHz Alpha processor, running clustered OpenVMS, with hot-swappable disk, power supply, and cooling; monitor, keyboard, and mouse; high-volume back-up tape unit; shared hard disk storage; rack and mounting hardware; CAD Functional Specification Document, CAD System Administrator's Guide, and CAD Training Manual.	\$ 278,715	90 Days
		Please Note: CAD Standard Services (product implementation, configuration, installation, training, and warranty) are priced and sold separately using GSA labor categories and rates. These services are required for a properly functioning system.		
NGIT-00022	NGIT-PCAD-CLIFU-1	CAD Full Client Workstation (1 monitor): 2.8GHz Pentium 4 processor; 80 GB hard disk; 48X CD-ROM drive, floppy drive, running Windows XP; keyboard and mouse; one 17" high resolution LCD monitor.	\$ 2,717	90 Days
NGIT-00023	NGIT-PCAD-CLIFU-2	CAD Full Client Workstation (2 monitors): 2.8GHz Pentium 4 processor; 80 GB hard disk; 48X CD-ROM drive, floppy drive, running Windows XP; keyboard and mouse; two 17" high resolution LCD monitors.	\$ 3,135	90 Days
NGIT-00024	NGIT-PCAD-CLIFU-3	CAD Full Client Workstation (3 monitors): 2.8GHz Pentium 4 processor; 80 GB hard disk; 48X CD-ROM drive, floppy drive, running Windows XP; keyboard and mouse; three 17" high resolution LCD monitors.	\$ 3,646	90 Days
NGIT-00025	NGIT-PCAD-CLINQ-1	CAD Inquiry Client (read only): 2.8GHz Pentium 4 processor; 80 GB hard disk; 48X CD-ROM drive, floppy drive, running Windows XP; keyboard and mouse; one 17" high resolution LCD monitor.	\$ 2,467	90 Days
NGIT-00026	NGIT-PCAD-MOB -SRV	CommandPoint™ Mobile Server application: Software Interface between CAD command center and field units. License only	\$ 10,000	90 Days
NGIT-00027	NGIT-PCAD-MOB-CLI	Mobile Client Software (Required for each field unit): Provides local messaging functionality and access to CommandPoint Mobile Server.	\$ 400	90 Days

NGIT Part #	NGIT Model #	Product Description	Price	Warranty
NGIT-00028	NGIT-PCAD-MIS	CAD Management Information System (MIS): Oracle database providing statistical analysis of data collected from the CAD system. Runs on CAD secondary server.	\$ 72,473	90 Days
NGIT-00029	NGIT-PCAD-TIOP-AVL	Automated Vehicle Location (AVL) Software Interface (License Only): Displays vehicle's current location based on Global Positioning System Information. (Associated hardware must be purchased separately.)	\$ 10,000	90 Days
NGIT-00030	NGIT-PCAD-TIOP-ALERT	Station Alerting Software Interface (License Only): Allows CAD system to programmatically tone out (alert) any station that contains resources that have been dispatched on a call. (Associated hardware must be purchased separately.)	\$ 10,000	90 Days
NGIT-00031	NGIT-PCAD-TIOP-PAGE	Paging Software Interface (License Only): Automatically sends CAD messages via commercial paging services using industry standard telephony application program interface. (Associated hardware must be purchased separately.)	\$ 10,000	90 Days
NGIT-00032	NGIT-PCAD-TIOP-ALARM	Alarm System Software Interface (License Only): Enables CAD system to receive alarm notifications from central alarm management software. (Associated hardware must be purchased separately.)	\$ 10,000	90 Days
NGIT-00033	NGIT-PCAD-TIOP-PTT	Radio Transmit Marquee Software Interface (License Only): Enables CAD system to receive transmission data from hand-held or vehicle radio devices. (Associated hardware must be purchased separately.)	\$ 10,000	90 Days
NGIT-00034	NGIT-PCAD-TIOP-INQ	NCIC/State Software Interface (License Only): Enables CAD users to access state law enforcement databases, other states' databases via NLETS, and NCIC databases. (Associated hardware must be purchased separately.)	\$ 10,000	90 Days
NGIT-00035	NGIT-PCAD-TIOP-CADXFR	Data Transfer Software Interface (License Only): Enables transfer of specific CAD data fields from CAD to external database systems. (Associated hardware must be purchased separately.)	\$ 10,000	90 Days
NGIT-00036	NGIT-PCAD-TIOP-PDA	PDA Software Interface (License Only): Provides CAD user access similar to that of standard PC mobile terminals, but in a compact, hand-held format. (Associated hardware must be purchased separately.)	\$ 10,000	90 Days
NGIT-00037	NGIT-CMAINT-PCAD	CAD - One-Year Corrective Maintenance: Standard maintenance includes business day technical support 5:30 a.m. to 5:30 p.m. Pacific time, and Emergency Contact Service 24 X 7.	\$ 72,500	N/A

NGIT Part #	NGIT Model #	Product Description	Price	Warranty
NGIT-00038	NGIT-CMAINT-MOB	CommandPoint™ Mobile software systems maintenance: Standard maintenance includes business day technical support 5:30 a.m. to 5:30 p.m. Pacific time, and Emergency Contact Service 24 X 7.	\$ 35,000	N/A
NGIT-00039	NGIT-SYSADM-PCAD	System Administration Assistance (Upgrade): Available as a corrective maintenance upgrade, this monthly service provides inspection and resolution of system anomalies.	\$ 35,000	N/A
NGIT-00040	NGIT-QSITE-PCAD	Quarterly On-Site Maintenance (Upgrade): Available as a corrective maintenance upgrade, this quarterly routine and preventive service includes network and system analysis, operating system maintenance, and database maintenance.	\$ 47,500	N/A
NGIT-00041	NGIT-DBA-PCAD	DBA Services (Upgrade): Available as a corrective maintenance upgrade, DBA service provides monthly dial-in support and system tuning for all system databases.	\$ 35,000	N/A
